

Element Names

J ⁸ Joule	O ⁸ Oxygen	Y ³⁹ Yttrium
-------------------------	--------------------------	----------------------------

m Mass	Er ⁶⁸ Erbium	R Roentgen	Y ³⁹ Yttrium
-----------	----------------------------	---------------	----------------------------

e ⁻¹ Electron	D ¹ Deuterium	V ²³ Vanadium	O ⁸ Oxygen	Te ⁵² Tellurium	K ¹⁹ Potassium
-----------------------------	-----------------------------	-----------------------------	--------------------------	-------------------------------	------------------------------

C ⁶ Carbon	He ² Helium	Er ⁶⁸ Erbium
--------------------------	---------------------------	----------------------------
